I'm good on everything but the comms package – I'm not sure if we need that switched out before it goes down or not?
Or Preston, did Isabel give you an ETA on the edits?

I don't believe there are any additional edits to the desk statement John circulated late Friday.

Thank you for that John! I checked back through and I still concur the package is ready to go on to Anne.

But Preston, did the comms materials get updated? That was the one part of the attachments I believed was still being worked on.

Kelley, Preston,

Just to note that I swapped out the NPRM in what I passed previously with a an updated version here, scroll down to last attachment. While file names are the same for convenience with references elsewhere, this version includes some minor corrections, e.g., the docket # was corrected in one section along with a phone #. Thanks.
